Who We Are

RED ROCKS STICKERS IS A COLORADO-BASED COMPANY WITH OVER 200 CUSTOMERS IN 9 STATES. WE ARE A FULL-SERVICE CUSTOMIZATION, GRAPHIC DESIGN AND SOURCING FIRM.

Our mission is to help our customers really stand out against the big competition with some of the best designers in the industry and unique, quality products.

We have established relationships with vendors locally and abroad in order to bring you quality stickers and merchandise at truly affordable prices.

As a sourcing company our goal is to make your branding or customization a seamless transaction, even if fulfilling

your order requires several different vendors. We handle all communication and we quality control the product before it ships.

Through our work, we hope to display a sense of unity and common purpose, and every order gives us a chance to demonstrate this high value of humanity working together.

We cant wait to work with you!

Product Categories

01

Stickers & Labels

We specialize in custom stickers and labels, and no one gives you more options. We use a combination of local and international vendors to provide both quick turnaround time and access to special materials like holographic and super long-lasting glow in the dark.

02

Product Packaging

We customize all different types of product packaging including Mylar bags, custom boxes, drink cans, glass bottles and jars, pre-roll cones and joint tubes, dram bottles, compliance labels, holographic or glow in the dark packaging and more.

03

Apparel

All of our apparel printing is done right here in Colorado. We use traditional silk-screening for less than 6 colors, or DTG (direct to garment) printing when necessary. Both types of printing are washable and will withstand the test of time. We also utilize a high-quality local embroiderer for hats and other apparel.

We use only high quality brands including Gildan, BELLA + CANVAS, Next Level and Independent Trading Co.

04

Accessories

Our customizable accessories include: lighters, lanyards, face masks, shoes, backpacks, pins, patches, cups, mugs, pens, pasties, bandanas, koozies, and more.

Services

WEB DESIGN

Red Rocks Stickers has created some incredibly beautiful and powerful websites for all types of businesses including e-commerce, real estate, art sales, construction and professional services. Like our style? Talk to a designer today.

MARKETING & SOCIAL MEDIA

Need help coming up with fresh, new ideas for content on a daily basis? We help with both online and offline marketing including social media, digital, print and video marketing as well as events and flyer distribution.

SOURCING, BRANDING & PROJECT MANAGEMENT

If there just aren't enough hours in the day, we're here to help. Let us take those sourcing or branding projects off your plate. We will handle everything from start to finish including all vendor communication, even if it means working with multiple vendors. We also perform quality checks and handle any necessary returns or refunds.

REBRANDING

Rebranding can be one of most daunting tasks for a business to undertake. This is an exciting time, creating a "new you" while keeping your core values. We are here for you 100% of the way, from design to print and quality control. We will handle the hassles of vendors and project management so you can focus on what's important.

Art & Design

THE TEAM

We work with a diverse team of over 25 artists from all over the world, everyone from graphic designers to graffiti artists. They are putting out some of the hottest designs in the industry this year.

PRICING

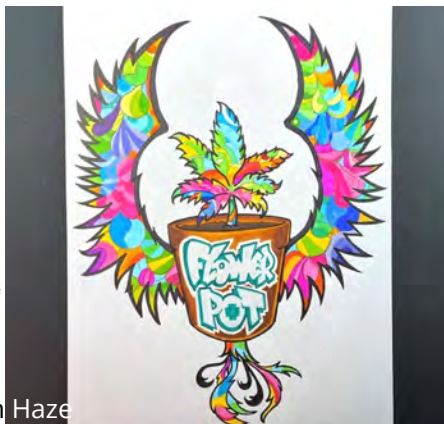

We let our artists set their rates which means you get original, quality artwork starting at only \$80 per project.

EXPERIENCE

You will get to work hand in hand with an independent artist that will bring all of your ideas to life. Once you've reviewed the initial sketch the artist will finalize and color the drawing. Then we'll vectorize it for you so it can be used for all types of printing from stickers to apparel and even large banners.
